

School of Engineering and Technology (Lakeside Campus)

RANVITA 2024 is a vibrant and joyous event that celebrates the diverse talents within our university community. This festival features a dynamic blend of music, theatre, art, and cultural activities, ensuring an unforgettable experience for all attendees. Hosted at CMR University, Lakeside Campus, Bangalore-526149, the fest takes place on March 1st and 2nd, 2024.

The inter-college fest kicked off on March 1st with an inauguration ceremony. The event began with an invocation song by Sai Niranjana, followed by the ceremonial lighting of the lamp. The Director of OSA delivered the welcome speech, and the Vice Chancellor of CMR University, Bangalore, gave the inaugural address.

RANVITA 2024 offers a variety of events, providing students with opportunities to showcase their talents and enhance their knowledge. This festival promises to be a memorable celebration of creativity and community spirit.

Women's Day Celebration

International Women's Day, celebrated annually on March 8th, has grown in significance over the years, becoming a cherished tradition. This day honors the respect, appreciation, love, and care for women. It is heartening to see Women's Day now celebrated in colleges and schools, instilling respect and care for women in young minds from an early age. In some schools, it is also integrated into the curriculum to spread awareness about women's empowerment, their societal roles, and their achievements.

This year's theme, "Inspire Inclusion," calls for action to dismantle barriers, challenge stereotypes, and create environments where all

women are valued and respected. The International Women's Day event, organized by the CMRU Information Centre and the School of Engineering & Technology, will be held at CMR University's Lakeside Campus in the Seminar Hall on March 7th, 2024.

The event features esteemed guests Ms. Richa Kandalwal Bhat and Dr. K. Basavaraj. Ms. Richa will open the event with a talk on "Invest in Women: Accelerate Progress," followed by Dr. K. Basavaraj, who will deliver an inspiring talk on "Self-Healing for Women." The event will conclude with a vote of thanks.

Four week Internship training on Code & Create: Web Development Internship

An internship is a professional learning experience that offers meaningful, practical work related to a student's field of study or career interests. It provides students with the opportunity for career exploration and development, allowing them to acquire new skills. Softexedge, in collaboration with CMR University, has organized a four-week internship program titled "Code & Create: Web Development Internship."

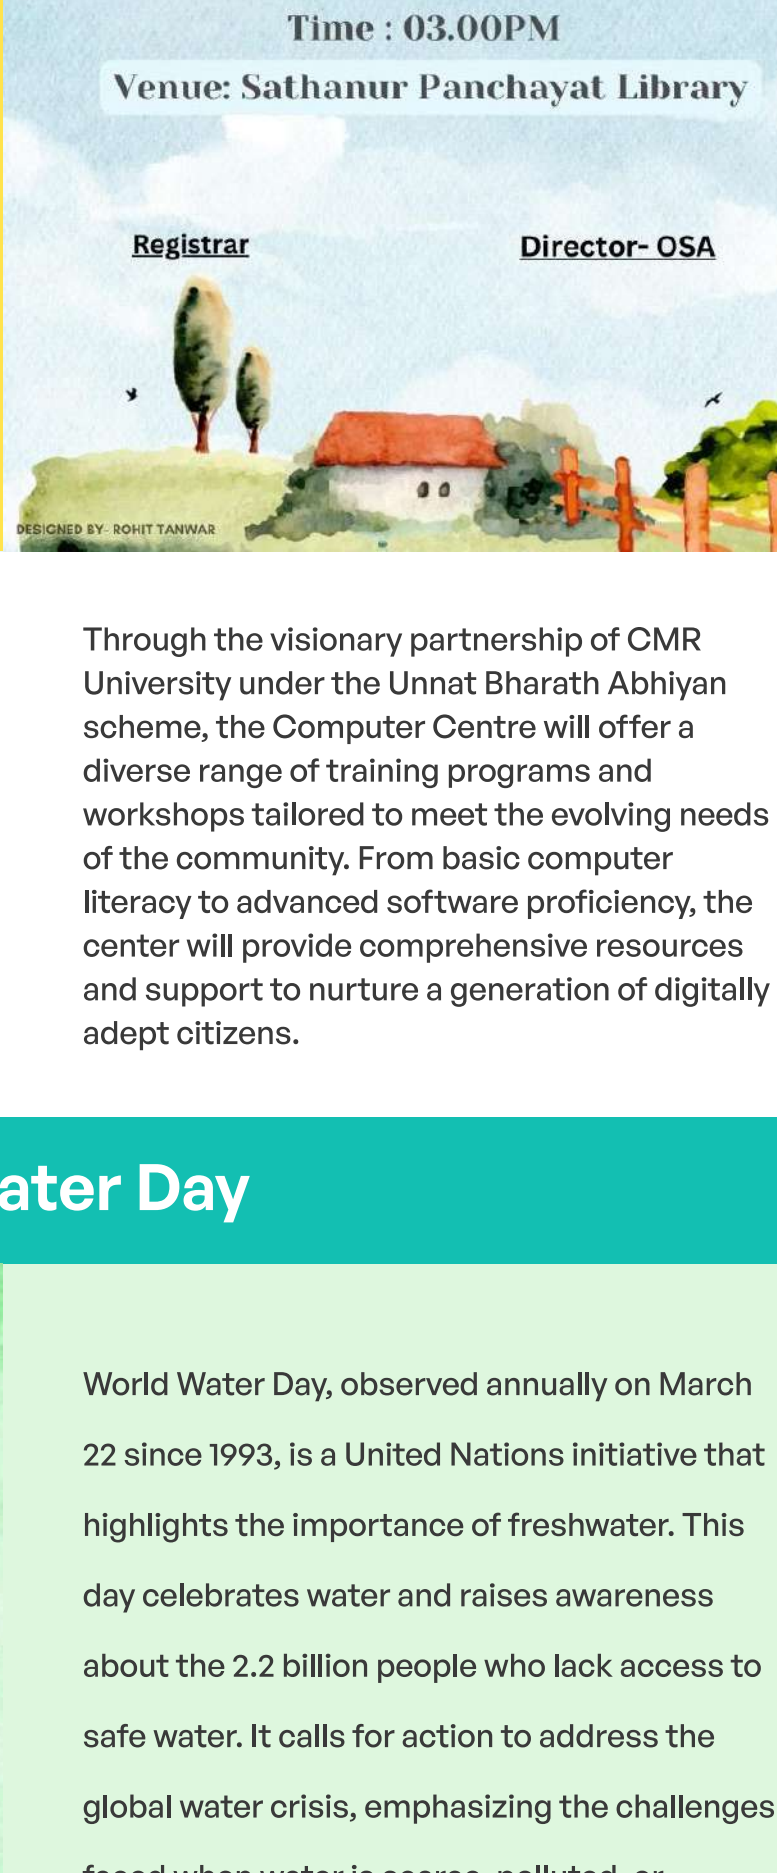

The organizers of the event are Dr. Rubini P, Professor and Dean of SOET at CMR University, and Dr. Saravanakumar S, HOD and Professor of SOET at CMR University. The internship will be held at CMR University's Lakeside Campus.

The objective of the internship program is to enhance students' skills in web development using technologies such as HTML, CSS, JavaScript, and more. A successful internship provides students with the opportunity to participate in meaningful work assignments, enabling them to learn about a career through practical experience. This is achieved by working closely with a mentor who offers guidance and supervision. This internship program aims to create a significant impact on students, offering various opportunities for growth and development.

Computer Centre Inauguration at Sathanur Panchayat

The landscape of rural areas can be revolutionized with sufficient penetration of computer services, as computers have become essential for students to access the information they need. In line with this, CMR University has inaugurated a Computer Centre at Sathanooru Panchayat Library as part of the CMRU Unnat Bharath Abhiyan social outreach initiative. This marks a significant milestone in enhancing digital literacy and fostering technological empowerment within the local community.

Established primarily for youth empowerment, the Computer Centre, located within the Sathanooru Panchayat Library, will serve as a hub for educational advancement and skill development. Equipped with modern computing facilities, high-speed internet connectivity, and expert guidance, the centre aims to bridge the digital divide and empower individuals of all ages with essential digital skills.

CMR UNIVERSITY
Unnat Bharath Abhiyan

We cordially invite you for the launch of CMRU sponsored computer Center dedicated for Youth Empowerment In Sathanur Panchayat

Date: 13-03-24
Time : 03.00PM
Venue: Sathanur Panchayat Library

Registrar **Director- OSA**

DESIGNED BY: ROHIT TANNIR

Through the visionary partnership of CMR University under the Unnat Bharath Abhiyan scheme, the Computer Centre will offer a diverse range of training programs and workshops tailored to meet the evolving needs of the community. From basic computer literacy to advanced software proficiency, the center will provide comprehensive resources and support to nurture a generation of digitally adept citizens.

Over 3 billion people worldwide depend on water sources that cross national borders, yet only 24 countries have comprehensive cooperation agreements for all their shared water resources. With the increasing impacts of climate change and growing populations, there is an urgent need for countries to unite in protecting and conserving our most precious resource. Public health, economic productivity, food and energy systems, and environmental integrity all depend on a well-managed and equitable water cycle.

In celebration of World Water Day, CMR University is organizing an event at Chagalahatti Lake. This activity, supported by active participation from students across various departments, aims to raise awareness and promote the importance of water conservation and management.

Marathon events have gained immense popularity worldwide, not only for the physical challenge they present but also for the numerous benefits they offer to participants and volunteers alike. The CMRU volunteers played a pivotal role in the successful execution of this event. Their responsibilities included managing registrations, spot registrations, and distributing kits, showcasing their exceptional organizational skills and ability to effectively mobilize teams.

Namma Power Run Carnival

The commitment and enthusiasm of the CMRU NCC team were truly commendable. From the early hours of the morning, starting at 2:00 am when the bus arrived at the university, the team demonstrated remarkable dedication. They meticulously set up stalls and infrastructure along the 21 km route, ensuring the smooth operation of the marathon.

Safe Touch: Empowering Young Girls

The awareness event on Good Touch and Bad Touch aims to impart crucial knowledge to students aged 5 to 15, focusing on personal boundaries and safe touch. Through a diverse range of activities, dance performances, and skits, this event seeks to engage and educate students effectively, promoting a safe and open environment for discussions about personal safety.

Event Details:

Activities:

Workshops form an integral part of the event, providing students with practical information on personal safety and identifying safe and unsafe situations. Interactive games serve as a means to foster communication and self-expression, while art and craft activities encourage creativity, reinforcing the awareness message in a hands-on manner.

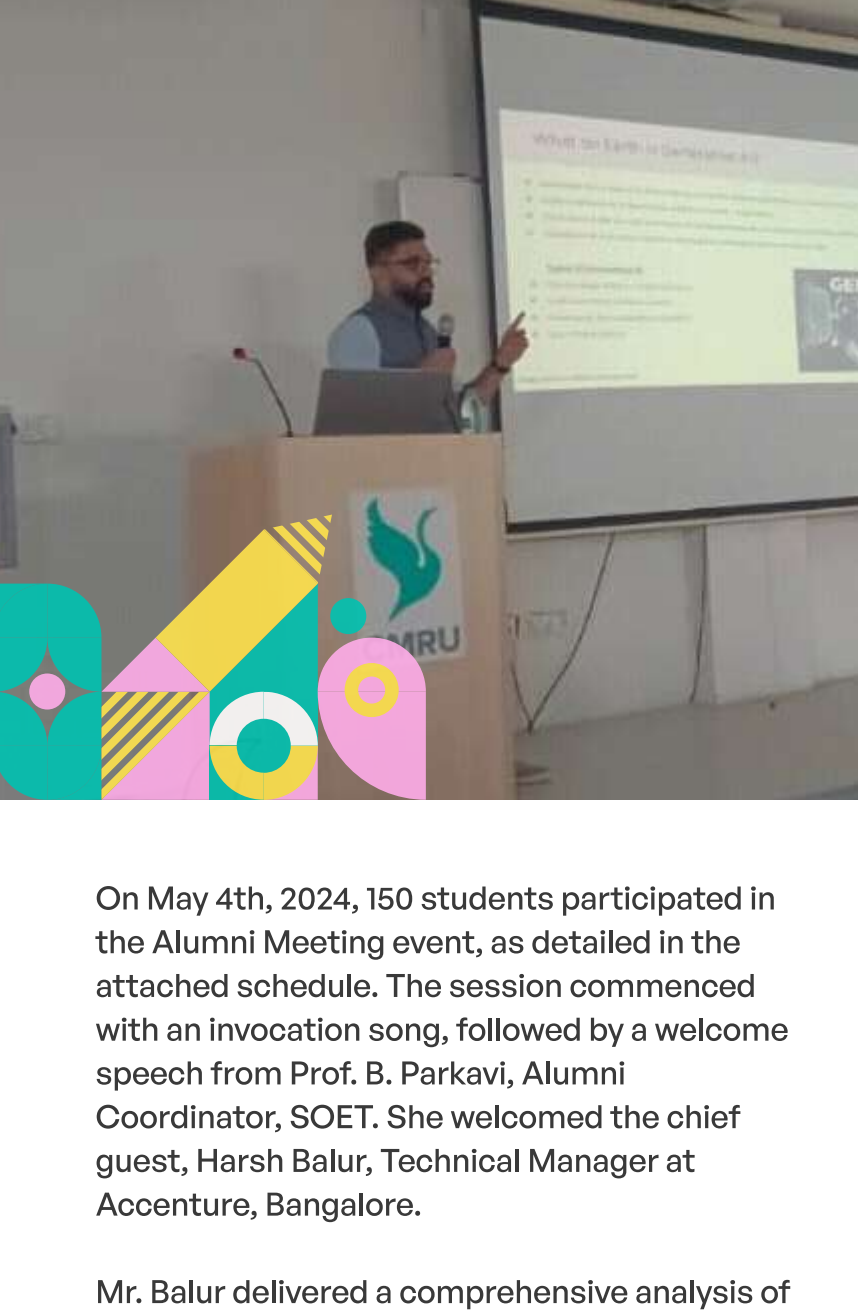

Dance Performances:

The inclusion of choreographed dance routines not only adds an element of entertainment but also serves as a powerful medium to convey the importance of respecting personal boundaries. Dance, as a form of expression, plays a role in building self-confidence among participants, contributing to their overall empowerment.

Skits:

Theatrical presentations in the form of skits are designed to demonstrate real-life scenarios of good and bad touch. Following each skit, Q&A sessions are conducted to ensure students' understanding and address any concerns or queries they may have. This interactive approach helps reinforce the awareness message in a relatable and accessible manner.

On May 4th, 2024, 150 students participated in the Alumni Meeting event, as detailed in the attached schedule. The session commenced with an invocation song, followed by a welcome speech from Prof. B. Parkavi, Alumni Coordinator, SOET. She welcomed the chief guest, Harsh Balur, Technical Manager at Accenture, Bengaluru.

Mr. Balur delivered a comprehensive analysis of generative AI and ChatGPT, yielding several significant insights across technological, practical, ethical, and strategic dimensions. He highlighted the current state, potential benefits, challenges, and future directions of generative AI applications, emphasizing how future generative AI systems are expected to offer more personalized and context-aware interactions.

Special thanks are extended to the CMR Management, the VC office, the Registrar, the Assistant Registrar, the Directors, Dr. Rubini P., HOD/CSE, Dean Incharge, Dr. Saravana Kumar S., HOD/AIML, other department heads, the Alumni Relations Officer, and both teaching and non-teaching staff. Their support and efforts were crucial in conducting this event smoothly at CMR University.

Attached are the event poster, student attendance sheet, faculty attendance sheet, and geo-tagged photos for your reference.

Option 01

In the recent Building Construction Material Course at the School of Architecture, CMRU, students delved into the complex world of facades across various architectural typologies, including commercial, residential, institutional, healthcare, and industrial buildings. Through hands-on projects, they created detailed drawings and 1:10 scale models, focusing on joinery details, structural layers, claddings, and cross-sections. These models, extending from plinth to roof parapet, showcased their craftsmanship and understanding of materiality and construction techniques. The course emphasized practical application, significantly contributing to their final grades and highlighting our commitment to nurturing innovative and skilled architects.

Option 02

We're excited to share highlights from our recent Building Construction Material Course, where students explored facades across diverse architectural typologies. Throughout the course, students engaged in hands-on exploration of various building types, including commercial, residential, institutional, healthcare, and industrial complexes. A key component of the course was the creation of meticulous drawings and 1:10 scale models, capturing joinery details, layers, and cross-sections essential for understanding the integrity of built forms. These models, which played a significant role in final grading, demonstrated the students' deep understanding of materiality, construction techniques, and architectural theory. We take pride in our commitment to nurturing architects who shape the built environment with creativity and sustainability.

11th Board of Studies (BOS) meeting

May 10th, 2024

On Friday, May 10th, the School of Architecture at CMR University's Lakeside Campus hosted the 11th Board of Studies (BOS) meeting. The meeting was attended by Dr. Sudhir Routray, Dean (Academics) at CMRU, Prof. Muralidhar K., Director of CMRU SOA, and invited experts Ar. Anup Naik, Prof. Nandita Srinivas, Prof. Chaitali Babar, along with several esteemed faculty members. Prof. Muralidhar welcomed the members and presented the Action Taken Report, highlighting the transition of CCC courses to accredited ones starting with the Batch of 2023. Prof. Renuka then presented the curriculum modifications and restructuring for the upcoming semesters. The Dean (Academics) praised the initiative, which aimed to distribute credits appropriately while

maintaining course integrity. He acknowledged the curriculum restructuring efforts and emphasized the need to consider a broader range of subjects beyond architecture.

The Director underscored the integration of contemporary topics such as Urban Climate Change, Nature-Based Systems, Urban Water Systems, Urban Biodiversity, and Sustainable Materials with Design Clarity into the curriculum. He advocated for practical evaluations through Time Problems instead of traditional exams. Additionally, he announced a collaboration with the Bengaluru Sustainability Forum to conduct expert lectures, providing students with valuable insights and real-world applications of their studies.

Mid-Semester Thesis Reviews for Batch 2019: A Showcase of Innovative and Ecologically Responsive Architecture

On April 27, 2024, the mid-semester thesis reviews for Batch 2019 took place, showcasing exceptional student work. The review panel included esteemed external experts from Bengaluru: Ar. Mehul Patel from DeDerive Studios, Ar. Manickavel from CnT Architects, and Ar. Vasudev from Adhyastudios, alongside our dedicated internal faculty members. The reviewers were highly impressed by the students' efforts, providing valuable critiques and celebrating the diversity and creativity of the projects presented.

Students showcased a wide range of architectural designs, from shopping malls and craft and culture experience centers to the revitalization of old factory precincts in

Bangalore, lake rejuvenation projects, a center for studying garbology, and reimagined traditional South Indian darshinis. A standout aspect was how students and their guiding faculties seamlessly aligned their project narratives with the school's vision of creating ecologically responsive architecture, while also addressing contemporary challenges in the field.

The dynamic exchange of ideas during the review reinforced the school's commitment to fostering innovative and sustainable architectural solutions. Both reviewers and students enjoyed the engaging discussions, further highlighting the school's dedication to excellence in architectural education.

Celebrating Faculty Achievement

Exciting news from CMR University, School of Architecture! Our faculty member, Prof. Nishita Shah, has been honored with a prestigious award from the Global Business Leadership Awards 2024, in affiliation with the Asian-African Association. This recognition celebrates her outstanding contributions to both academia and architectural practice. Balancing teaching with architectural innovation, she exemplifies the synergy between theory and practice. We congratulate her on this well-deserved honor and celebrate her continued success as a leader in both academia and the architectural industry.

SLS

Alumni Talk on "Youth of India from SBI- Fellowship"

Guest: Ms. Praniti (Alumni) Head of HR from SBI

Introduction

On April 23, 2024, CMR University's OMBR Campus in Bangalore hosted an enlightening Alumni Talk Programme featuring "Youth of India from SBI Fellowship" by Ms. Praniti, an alumna and Head of HR at SBI.

Overview

The event highlighted the application process for the SBI Fellowship, which will be managed by SBI to select eligible students. It was a significant opportunity for students to learn from an industry expert about the fellowship and its benefits.

Conclusion

The expert talk organized by CMR University's OSA was a resounding success, fostering knowledge exchange and collaboration among students, faculty members, and industry experts. The event exemplified CMR University's commitment to providing internship opportunities and fostering industry-academia partnerships.

Acknowledgments

The organizers extend their heartfelt gratitude to Ms. Praniti from SBI for sharing her invaluable insights. Special thanks are also extended to all faculty members, student coordinators, and participants for their active involvement and contributions, which made the event a grand success.

Alumni Guest Lecture UX Design Workshop

Guest: Mr. Sreenath Kulkarni Technical Program Manager at Movius, Bengaluru

SCHOOL OF SCIENCE AND COMPUTER STUDIES AND CMR UNIVERSITY ALUMNI ASSOCIATION® IS ORGANISING WORKSHOP ON **UX DESIGN**

Mr. Sreenath Kulkarni
Technical Program Manager
Movius, Bengaluru, Karnataka, India

Seminar Hall, 4th Floor, SOET, CMR University, Lakeside Campus

Saturday, April 20, 2024 10:45 AM

On April 20, 2024, the School of Science and Computer Studies at CMR University, in collaboration with the CMR University Alumni Association, hosted a transformative UX (User Experience) workshop for 40 students from the MCA 1st and 3rd Semesters. The workshop featured Mr. Sreenath Kulkarni, Technical Program Manager at Movius, Bengaluru, India, as the guest speaker.

Mr. Kulkarni delivered an engaging keynote address, sharing his expertise and experiences in UX design. He provided valuable insights into UX design principles, methodologies, and best practices, supported by real-world examples and case studies. Throughout the workshop, students actively participated in interactive sessions, group discussions, and hands-on activities related to UX design, enhancing their practical understanding of the concepts. They

were also challenged with practical exercises designed to apply their newfound knowledge.

Mr. Kulkarni's presentation of various case studies highlighted successful UX design implementations across industries, illustrating how these principles can enhance user satisfaction and product success. The workshop also facilitated networking opportunities, allowing students to interact with industry professionals, faculty members, and peers, fostering a collaborative learning environment.

The event was successfully coordinated by student organizers who ensured seamless execution. Overall, the workshop provided participants with comprehensive insights and skills in UX design, equipping them to innovate and excel in their future careers in technology and beyond.

SCHOOL OF LIBERAL STUDIES And CMR UNIVERSITY ALUMNI ASSOCIATION® Is organizing a workshop on **Organisational culture: collaboration and resilience**

Dr. Tarun Agarwala
Managing partner at Emperatics

Date: 20-04-24
Day: Saturday
Time: 10.45am to 12.45pm
Venue: MDP Hall City Campus

Alumni Guest Lecture Organisational Culture

Guest: Mr. Tarun Agarwala Managing partner, Emperatics

The workshop on Organisational Culture, Collaboration, and Resilience was designed to equip counselling and HRDM (Human Resource Development and Management) students with essential skills and insights crucial for success in today's workplace environments. It explored the dynamics of organisational culture, emphasizing its profound impact on employee behavior and organizational performance. The workshop also underscored the importance of collaboration in fostering a positive work environment and achieving collective goals. Additionally, it addressed the necessity of personal and organisational resilience to navigate challenges and adapt to change effectively.

Through interactive activities, discussions, and Q&A sessions, participants were encouraged to apply the concepts learned, fostering critical thinking and practical application of the workshop's key themes. The ultimate goal was to empower participants with the knowledge and tools necessary to make meaningful contributions in their future roles as counselling and HRDM professionals.

Beneficiaries of the workshop included counselling and HRDM students who gained valuable insights, skills, and practical knowledge relevant to their careers, equipping them to navigate diverse workplace environments effectively.
