The SOET advantage

THE MARVEL OF MAKERSPACE

The CMRU Makerspace serves as a collaborative hub where individuals from diverse backgrounds come together to share knowledge, explore ideas, and engage in hands-on activities. Through a variety of events such as workshops, screenings, and talks, students are exposed to new concepts and skills in a practical and immersive manner. The Makerspace facilitates certification and training on cutting-edge prototyping equipment, including laser cutters, 3D printers, and CNC router machines.

INNOVATIVE TEACHING PEDAGOGY

We prioritize experiential learning in our teaching methods, providing students with hands-on experiences to enhance their understanding of concepts. Our innovative pedagogy aims to create a dynamic and engaging learning environment.

EMPHASIS ON DIY (DO IT YOURSELF)

We emphasize the practical application of knowledge by synchronizing hands-on experience with theoretical learning. This approach empowers students to take initiative and apply their skills independently, fostering a proactive and self-reliant mindset.

INDUSTRY-COMPLIANT CURRICULUM

Our curriculum is meticulously crafted to align with the latest industry trends and developments. This ensures that students are equipped with the knowledge and skills demanded by the ever-evolving professional landscape.
